

BXV-PM

Wall mounted axial flow fan with thermoplastic or aluminum impellers with pitch angle. Up to five different solutions for the same diameter and rotation speed. This allows to select the most suitable fan whether airflow, pressure, consumption, sound level, size, or price is requested. Adjustable to any voltag.

Dimensions in mm

size	ØA [mm]	ØB [mm]	ØC [mm]	ØD [mm]	E [mm]	G [mm]	H [mm]	ØJ [mm]
